Understanding the Annual Performance Report (APR)

- The APR is completed each year to summarize performance on indicators using data from the past FFY (Federal Fiscal Year)
 - Federal Fiscal Years run from July 1 to June 30.
 - Federal Fiscal Years are named for the calendar year in which they start (i.e., FFY2023 covers July 1, 2023 through June 30, 2024.)
- The key indicators focus on:
 - Compliance with timelines in IDEA (i.e., timely IFSP development, timely services, and timely transition). Targets are 100%.
 - Results on important outcomes for children and families (e.g., services in natural environments, child outcomes, family outcomes). Targets are set by the state, with stakeholder input.
